me, OK.

you're going to be able to do that gig, do you understand me because you haven't said anything to me. What I need is for you

to go to Staples, do you understand me, to buy some of those things, those things cost like five bucks, each of those little things, maybe less. I need you to go there, because if you go there, and I'm going to explain to you what you're going to do, well to buy

and all of that because I can buy the pages. Do you understand

??

Right away doggy write it for me

OK, just the way it appears there. Tell him to put in the Internet TracFone and to look for the number and to call and tell them that he wants to pay for an unlimited, 5G phone. The plan is for about \$50 or \$60. Tell him to do that, to call TracFone. I am sending you the number of the SIM card shortly.

Look, wait until about 8:30 because right now there are some officers here, because we are watching this thing, but just wait

because we want this errand to come out right. We don't want to do it and it becomes a big problem. Just wait there for a little bit.
